*Team Member*

Through this fast paced and exciting job, I have learnt various skills. Through work on the shop floor, I have learned how to be flexible and efficient to any changes, the ability to work and communicate in teams with other colleagues and provide great customer service. I have also learned how to present and take out stock through assisting my colleagues with visual merchandising. In addition, I have been trained and learnt how to do stock takes, inventory scans and process returns. All of which have developed my efficiency and communication skills.
